

BAEBE BOO WEBSITE PROJECT BRIEF

Project Manager's Instruction to IT Engineer

Version 1.0

Date: 11 June 2026

PROJECT TITLE

Design, Develop and Deploy a World-Class E-Commerce Platform for Baebe Boo

PROJECT VISION

The Baebe Boo website shall not be a simple online store.

It shall be Ghana's most trusted baby and children's retail platform and evolve into West Africa's leading parenting and baby commerce ecosystem.

The website must inspire trust, create emotional connection with parents, provide a seamless shopping experience, and convert visitors into loyal customers.

The platform should be designed to compete with premium international baby brands while remaining highly optimized for the Ghanaian market.

Examples of user experience standards to benchmark include:

- Carter's
- Mothercare
- Babyshop
- Target Corporation
- Amazon

PRIMARY BUSINESS OBJECTIVES

The website must achieve the following:

Revenue Generation

Convert visitors into paying customers.

Target:

- Online purchases
- WhatsApp orders
- Click-and-collect orders
- Store walk-ins

Brand Authority

Position Baebe Boo as:

"The trusted destination for everything baby and child."

Customer Retention

Develop repeat buyers through:

- Customer accounts
- Loyalty programs
- Personalized offers
- Birthday campaigns
- Parenting content

National Expansion

Support future branches across Ghana.

Future locations should be manageable from one central admin dashboard.

Data Collection

Build customer database including:

- Emails
- Phone numbers
- Birth dates
- Child age ranges
- Purchase history

Automation

Automate as much of the customer journey as possible.

WEBSITE PERSONALITY

The website should communicate:

Trust

Parents must feel safe spending money.

Warmth

The site should feel caring and family-oriented.

Professionalism

No amateur appearance.

Reliability

Parents should believe products are genuine and available.

Delight

Shopping should feel enjoyable.

DESIGN DIRECTION

FINAL PROJECT DELIVERABLE

The finished website must make a first-time visitor think:

"This looks like a serious international baby brand."

And after browsing for a few minutes:

"I trust Baebe Boo enough to buy from them today."

The website should become the digital flagship of Brightseed Group and support Baebe Boo's expansion from a local retailer into a nationally recognized and eventually regional baby-care brand.
